Specifications

Width: 700 mm

Depth: 700 mm

Weight: 18 kg

Height: 730 mm

Information

Designer: Chris Martin

Year: 2019

Description

Landa is a table system whose design is based on two parallel steel beams that enable an exceptionally long table frame. The result is a visually lightweight construction, with a long span between legs, which can either link beams together or end the table frame.

Lead time 6 weeks.
